

Answers to Questions from C6.2

Name: Simon Dunkley
Student ID: 1628623

Note: Ensure that all boxes are

- numbered using the row.column format if applicable. If applicable means that not all sections are styled using the row class, for example, nav
- labelled with either a sample data or a brief context description

Place each layout in a separate file for submission to doubtfire.

- Draw the layout design for xs.
- Draw the layout design for md.

XS Design
